[Artist to transmit art via SSTV and HAARP](#)

Amanda Dawn Christie will use the world's most capable high-power, high-frequency transmitter to send art around the world and into outer space.

[Concordia University](#)

[2 meter square loop antenna](#)

Get on 2m SSB in style with this neat and sturdy plumber's delight RF projector.

[Ham Universe](#)

[Part 3 of Ham Radio and condo life](#)

If you have an attic, the best antenna could be the Alpha Delta DX-EE fan dipole.

[VE3WDM](#)

[Photos from the 2019 Charlotte Hamfest](#)

I was very impressed with the turnout—indeed, it was one of the busiest regional hamfests I've attended in ages.

[The SWLing Post](#)

[Radio Hams help isolated settler](#)

IARU Region 2 reports on a short story with a happy ending.

[Southgate](#)

[FT8 growing as DX mode in an era of waning propagation](#)

The number of Club Log users uploading at least one FT8 contact to the site grew from 8,000 in 2017 to 14,200 in 2018.

[ARRL](#)

[This SDR uses a tube](#)

The tube acts as both an oscillator and mixer, so the receiver is a type of direct conversion receiver.

[Hack A Day](#)

2019 State of the Hobby Survey

This benchmark can help us determine what is working and what is not in the ham radio community. This can involve participation, recruitment, mentoring and licensing. It can also help identify new and emerging trends in amateur radio. Please take a few minutes to complete the survey and share with others in the hobby.
